SUMMARY

I am a **Frontend Developer (React/Next.js)** with 1.5 years of commercial background. Also I have knowledge and experience in backend development (**Node js, MongoDB**). I worked on two commercial projects on the topic of booking accommodation, three command projects and 7 pet-projects.

I am not afraid to tackle new and challenging tasks, very persistent in finding solutions, and do not hesitate to spend time improving my code.

TECH SKILLS

JavaScript TypeScript CSS3 SASS HTML5
React Next js React Native Redux
Styled Components MUI Bootstrap
Formik Yup GSAP animation
Node js Express js MongoDB Postman GIT
